

Asha for Education

Silicon Valley Chapter

2017 Annual Report

Message From Our Coordinators

Dear friends of Asha,

The Silicon Valley chapter of Asha for Education, located in the heart of Silicon Valley - a place where innovation is unending and diversity is unifying, continues to make an impact in the lives of thousands of underprivileged children in India. Since being founded in 1995, our chapter has disbursed over \$6,300,000 to over 120 projects spanning the length and breadth of India.

We look back at 2017 as a strong year for our chapter. This year, we built on our volunteer base, streamlined our projects, gave our website a facelift, successfully executed our recurring fundraising [FR] events, and added new events to raise more funds and draw new volunteers. Our partnership with project partners working in India continue to grow in quality and quantity. Details of these are documented in this report.

As we take the momentum from 2017 and thrust into 2018 with exuberance, we have our task well cut out. We are working on amping up our FR efforts by expanding our existing programs, as well as by adding new ones. We are putting methodologies in place to ensure we are maximizing the impact of the money we raise. We are reaching out to committed NGO's in India to identify and support innovative programs to help children in their local communities.

However, we cannot do this alone. We look forward to your continued contributions in achieving our shared vision of leaving no child uneducated. Thank you!

-Pankil Patel & Shaibal Dutta
Coordinators, Asha Silicon Valley

2017 Year In Summary

16,155

Children Impacted

14

States Reached

21

Projects Supported

\$411,079

Funds Raised

100
